

Global leader in distributing electrical connectors and providing world class service to the transportation industry

The Power & Signal Advantage

CUSTOMER SERVICE

- Single Point of Contact
- Experienced Inside Sales
- Internal Quality Team
- PPAP, NAFTA, and IMDS
- Extended Hours:
8:00 AM to 8:00 PM EST

DESIGN SUPPORT

- Technical Expertise
- New Product Introduction
- Data Sheets, Engineering Drawings, and Models
- Samples and Prototypes

PROVIDING GLOBAL SOLUTIONS TO THE TRANSPORTATION INDUSTRY FOR OVER 30 YEARS

GLOBAL DISTRIBUTION

- Best in Class Delivery
- Same Day Shipping
- Consolidated Shipments
- Global Stocking Locations

SUPPLY CHAIN MANAGEMENT

- EDI Capabilities
- BOM Analysis
- Forecast Management

North American Operations

Power & Signal Group
6675 Parkland Blvd
Solon, OH 44139

Delphi Connection Systems is a world leader in supplying vehicle power and signal distribution systems.

Product Highlights:

- APEX, Sicma, CMC Product Series
- GT and Metri-Pack Connection Systems
- HES Series for harsh environment applications
- Power Pack Connectors for high current applications
- Data Connectivity

Driving the development of new products for the commercial vehicle market leveraging technologies from over 75 years of experience.

Product Highlights:

- Sealed In-Line & Circular Connector Systems
- Sealed Headers & Bulkhead Connector Systems
- Telematics Connector Systems
- Unsealed Connector & Modular Header Systems

TE Connectivity is a global leader in connection technologies, products and solutions for the transportation market.

Product Highlights:

- Heavy Duty Sealed Connector Series
- Hybrid & Electric Mobility Solutions
- Application Tooling
- Sealed Circular Connection Systems

A global leader in interconnect solutions for the Heavy Equipment, Agricultural, Automotive and other demanding interconnect architectures.

Product Highlights:

- Direct Crosses to Deutsch DT, DTP, DTM and HD
- High Performance, Cost Effective Solutions
- Fully Tested and IP67K Rated

Delfingen is a global partner in electrical wiring protection and fluid transfer solutions.

Product Highlights:

- Standard slit and non-slit convoluted tubing
- Expandable braided sleeving products
- PVC smooth tubing: both bulk and cut-to-length
- TwinVolt for high power line protection

ITT Cannon is an international manufacturer and supplier of connectors including circular, rectangular, power, high voltage and application specific custom solutions.

Product Highlights:

- Harsh Environment Connection Solutions
- Sealed Circular Connection Systems
- SAE J1772
- Inline and Bulkhead Connectors

Sealed Off-The-Shelf PCB Enclosures for Demanding Environments

Automotive Relays and Custom Switch Assemblies

DC Power Product Solutions for Harsh Environments

The Smartest Battery Chargers in the World

Hand Tools for Production Quality Crimping

Electrical Connectors, Switches, and Sensors for Heavy Truck and Off-Road Industries

An Arrow Company

ISO 9001: 2008
