

GEP MX150 Sealing Caps

Application:

The GEP MX150 Sealing Caps offer a space saving and cost reducing solution for plugging and sealing female Molex MX150 receptacle connectors. Don't buy an expensive male Molex MX150 blade mating connector for simple plugging applications, use an inexpensive cap instead.

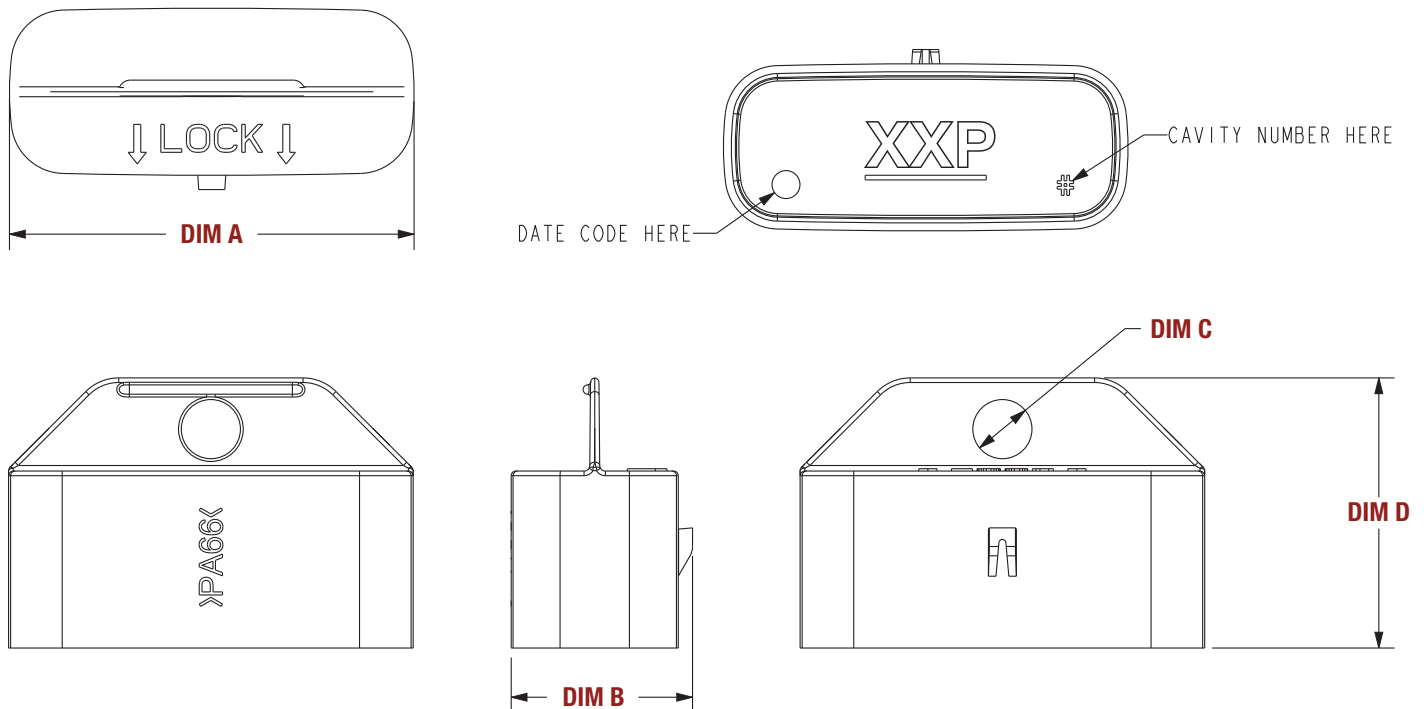

Specifications:

- Nylon
- Sealing Capability – Dirt, dust, moisture
- Temperature Rating - 40 to 125°C

Features:

- Fits all MX 150 key configurations
- Quick release seal cap removal
- Tie back eyelet

GEP MX150 Sealing Caps
